

# DINING PACK

*Equipping those who have moved to a new home*

When people ask us for help with equipping their homes we visit them to assess what they need. A lot of these people are coming out of hostels and their new homes often come with absolutely nothing. A dining pack would ideally contain fresh, new, matching items. These are great to take with us on an initial visit as it not only helps people be able to start living in their new homes but makes them feel cared for and valued.

The following things are very useful:

Essentials:

- Cutlery
- Crockery – plates/bowl etc
- Mugs and glasses
- Chopping board
- Wooden spoon
- Tin opener
- Potato peeler
- Colander
- Pots and pans
- Kettle

Extras:

- Toaster
- Microwave
- Any small treat you'd like to receive yourself

Most of the people we help already have very low self-esteem. If we give them items labelled as 'Value' it gives them the impression that they don't deserve any better, besides this is the quality of produce many of our recipients are used to making do with. Why not show them that God's love and provision is superior and so much more generous than that of the world.
